Perfect for daily shopping...

Fits into every car boot...

Keeps fresh food fresh, hot meals hot and cold drinks cold...

Flip-Box® - P r e m i u m , collapsible and premium...

Flip-Box® premium is the top product of Flip-Box® range. With 25 litres it offers the biggest transport volume. Due to its extra stable walls and joints, it can carry up to 25 kg of weight. The insulation is made to chill drinks up to 10 hours.

The fixated walls and lids provide a very dense and stable box. Therefore Flip-Box® premium is the right choice even for very excessive load.

Flip-Box® premium is produced using energysaving technology. On special demand it is possible to customise Flip-Box®. The Flip-Box® premium has been tested by LGA QualiTest GmbH, an affiliate of TÜV Rhineland. Tests have been made on insulation, mechanical and chemical characteristics. The result of these tests led to classification.
